

Rules for the use of the childcare room

1. The childcare for one or more than one child is organized by the host or the parents and is fully financed by them.
2. The parent or caregiver is responsible for taking care of the child. It cannot be excluded that more than one child will be using the room at the same time. No liability claims can be made to the DPZ for any harm, problems, injuries, etc. related to the time at the DPZ.
3. Only healthy and vaccinated children in possession of a vaccination card (or a similar document) are allowed at the childcare facility of the DPZ.
4. Childcare will exclusively take place under supervision in the designated room. Short visits to the cafeteria and general areas of the multifunctional building are allowed if a caregiver accompanies the child. Under no circumstances may children enter other areas such as laboratories and animal husbandry areas. The exclusion of children under 14 years in our guided tours remains.
5. The room is regularly cleaned in accordance with DPZ standards. The user is responsible for any additional cleanliness or hygiene request.
6. By signing a document, the user adheres to the rules and regulations. The document is available at the human resources department.
